The student submits page 1 of this application to the College Office. Deliver by hand, by mail, or by email to the address above.

Please ask a professional musician, either a teacher or performer, to submit an evaluation of your work. This evaluation can be in the form of an email, a paper letter, or the evaluator can use the form in the next two pages. The evaluator submits this directly to the College Office.

If you are a new student submitting Teacher Evaluations for your entrance application, check here to show that you want us to use one of your entrance evaluations for the scholarship application.

Thank you for your assistance.
